Message from Founder

Dear All,

Spandan Yuva Pratishthan is changing its dimension by providing various empowerment projects for the youths and students. After corona pandemic last two year were quite good for the people of the country. Development is taking place in various part and sector of the country. Accordingly the path for social development and philanthropic activities are also growing throughout the years.

SYP could also manage to create its impact in some of the sectors through our innovative and sponsored programs. Recent days we are more concentrating on empowering of the youths rather than giving charity or services. We are happy to say that the path we have chosen seem to right and effective for overall social development sector.

Our projects like vaccination drive, Primary health care center, lab in a classroom etc. have created more impact as expected. The way we have chosen in expanding and growing day by day. This year we have come with new project of providing meal to the cancer patients. We have provided meal to thousands of patients who has ongoing treatment at TATA hospitals this year.

In the coming year our aim is to reach maximum beneficiaries through various activities and philanthropic projects.

Yours,

Rajendra Saygaonkar
Founder and Vice Preseident

About us

Who are we?

Spandan Yuva Pratishthan is a social organisation actively engaged in various philanthropic activities. SYP is established by the youths for the development of youths especially weaker section of the society like underprivileged children, adolescent girls and women etc.

We have helped more than one lakh students and youths through our various education and employability projects.

We have provided meal for more than 2500 cancer patients and still providing the same near TATA hospital.

Why We Exist ?

According to UNICEF, India is a home to the largest child and youth population in the world. It's our duty to extend our support whenever and wherever possible in our individual or institutional capacity. The youths are playing decisive road to take our nation to the top in development and economy. As a NGO SYP is committed to provide them all kinds of training and facilities they required through our various projects.

MISSION

To empower marginalized communities through enhanced Education, Health and Income generation, Children Development, Youth empowerment and Public health programs with special focus on women and children, by conducting training, developing basic infrastructure

Vision

To cultivate
• potential in every student to thrive as National citizen by supporting every student to achieve academic excellence, ensure healthy standard of living, provide medical aid and facilities to common people and

Working with efficiency and long-term sustainability; Valuing the principle of social justice and empowerment of Indian youth, women and child; Believe in the power of committed youth individuals and organization who want to continue to the empowerment of whole society

Spandan believes that the stakeholders of the company are as important as the internal management and founder. We always strive to connect with our stakeholder with different ways and change our process or operations by keeping

Renovate India

Renovate India is a Social Enterprise which works mainly for Grassroots Non-Government Organisations (NGOs) and Community Based Organisations (CBOs) with the vision that every social organisation should be sustainable, performing well and creating social change. Grassroots NGOs and CBOs have potential to create social change as they are very closely connected with community and have in-depth sense of community issues. Renovate provide a range of services under three programmes -Community Development Programme (CDP), Organisation Development Programme (ODP) and Learning and Development Programme (LDP) to achieve our vision.

Huntsman International (India) Pvt. Ltd

Huntsman is the global manufacturer of chemicals that we use every day. They serve diverse range of consumer and industrial end markets, including: transportation, home life, construction, energy, fuels and clothing and footwear. Huntsman has touched lives of many people around the globe. Like enhancing the quality of education and health around villages in Baroda, India through improving infrastructure of school buildings, helping teachers training, volunteering to teach students computer skills, funding and hosting summer camps for students, distributing school supplies and providing clean and safe drinking water to local villagers etc.

Anubhooti

Anoobhuti Learning solutions Pvt. Ltd (earlier known as Experiential Learning Solutions ELS is a social enterprise incubated at IIM-C Innovation Park and Villgro. Anoobhuti is committed towards improving quality of education in primary and secondary schools by using experiential learning process. To achieve this objective we work with educators, CSR partners, Government agencies and schools.

Antrang Foundation

Antarang, through their CareeReady program, teaches core employability skills that help these youth understand what is expected of them in a structured workplace. Upon completion of the program, students are connected to job opportunities in their area of interest and then are paired with a mentor who will guide them until they are settled in their job.

CSR Projects on Board

All the activities taken SYP are aiming sustainable developments. We do not charge single amount from our beneficiaries. The distribution of books, stationery, slates, uniform, food and snacks etc. costs a lot of money. Hence, in the coming years SYP needs to find a set of permanent donors. These donations should not be person-oriented. Acquiring funds is the key factor for the future growth. SYP will plan to get the CSR funding through systematic way and set of processes.

Aligning our activities with the corporates will help us more to get regular funding form the corporates we are associated.

Long Term Programs

Due to Covid crisis there was a huge change in philanthropic activities. Method, systems, paradigm has shifted to another level for the people from social sector. Spandan is planning to for preventive health checkup activities in the coming year. All the activities taken SYP are aiming sustainable developments. We do not charge single amount from our beneficiaries. The distribution of books, stationery, slates, uniform, food and snacks etc. costs a lot of money. Hence, in the coming years SYP needs to find a set of permanent donors. These donations should not be person-oriented. Acquiring funds is the key factor for the future growth. SYP will plan to get the CSR funding through systematic way and set of processes.
